

# OUR MISSION

## SECURING AND PROTECTING SUPPLY CHAINS COAST TO COAST

### Our capabilities include:

- Providing high-value security escort services (armed and unarmed)
- Providing high-value security escort services for individual semi tractor-trailers and convoys.
- Deploying security escort teams on short notice anywhere in the United States.
- Coordinating split pick-up / same destination security escorts originating from different distribution centers.
- Ability to use encrypted communication throughout escort missions.
- Providing real-time tracking and monitoring services for high-value freight while in transit.
- Providing support from our Strategic Operations Center (SOC) to our security teams 24/7/365 while in transit.
- Capability to provide key personnel with demonstrated experience in logistics, convoy security, and diplomacy.
- Access to a dedicated fleet of semi tractor-trailers equipped with enhanced security features and vetted security drivers.
- Providing the necessary tools, communications equipment, trained personnel and vehicles to ensure mission success.
- Provide electronic logs, time-stamp photos and support documentation for all security escort services provided from point of origin to final destination.
- Understanding the importance of developing and maintaining professional relationships with everyone involved in the supply chain.
